Crowded Out Of ANNIVERSARY No.

1914 suicide: News comes to us from Stamford that a suicide was committed there on the public square one night this week. A common, good, old horse lost that sense which is so often boasted of as "Horse Sense" and plunged into the public tank and drowned.

1914 Party: The gowns worn by the hostesses and guests were of unusual elegance and added much to the beauty of the occasion.

1915: In these days when folks got a new automobile, the first thing they did was to come by and take *Ye Editor* for a ride.

Dec. 1915: Stockmen offered big reward—\$585—for thieves.

1915 City Ordinance: That it shall be unlawful for any person or persons to blow or hollow through any horn or like instrument at an unusual loud noise or to yell or shriek through any horn or like instrument within certain limits of the Town of Hamlin.

1915: Bought at home, used at home, money at home and it's good for the home. Boost for the home, brother, boost for the home.

Jan. 1915: The Herald carried a story of the horrible death of a little girl, caused by "The Speed Maniac."

Jan. 8, 1915: At the Katy depot, Dec. 23, Rev. J. H. Hamblen united in marriage G. R. Riddle and Miss Leslie Sockwell of McLellan county, the happy couple leaving at once on the east bound train.

1916: Hamlin oil outlook is creating great interest. Aeroplane is being constructed in Hamlin; charge per look per person, one dollar.

March 1916: The Ferguson Theater showed "Guarding Old Glory," a story that made every red-blooded citizen sit up and take notice.

Feb. 4, 1916: One of the most exciting run-aways took place Saturday afternoon, when Lewis Young's team became unruly near the Katy depot. The horses made for the business part of town and before going very far they demolished the wagon and threw Mr. Young out.

March 17, 1916: The wild cat whistle of the ice plant brought quick response from the fire department Sunday night at 9:30 when it was discovered that the barns belonging to Shorty Wells and H. O. Cassle were on fire.

May 26, 1916: Earl Isbill has favored the Herald with an invitation to attend his graduation exercises in Simmons College, Abilene, Tuesday, June 6th.

Aug. 25, 1916: We are glad to state that Mr. and Mrs. J. W. Ezell will again make Hamlin their home after an absence of two years. The trip back from Alabama was made in a six cylinder Buick on a five-day schedule. They struck but little sand and did not use low speed gear but a few times.

Sept. 8, 1916: Friday evening, Sept. 4, Miss Nettie Bowen entertained a number of her friends with a delightful party in celebration of her birthday. Those present were: Misses Myrtle Cassle, Clorine Vaughan, Euna Magee, Verlie and Mertie Birdwell, Berta Nobles, Ruth Walker, Noma Harwell, Gladys and Cecelia Pluto, Eva Mayfield, Freda Chastain, Lula McCormick, Mozella Murry, Mary Money, Edyth Pierce, Alice Wilcoxson, Robbie Wood, Velma Iles, Mary Shuman, Alberta Stephens, Pauline Bristow, Annetta Walton, Ada Paddock, Willie Gillespie, Nettie Bowen, Mae James and Haines.

We thought it was new, but in the Herald of Oct. 27, 1916, we read: Minneapolis—Thousands of letters, each containing 10c, are pouring into the local post office daily from women in various parts of the country who have joined in an "endless chain" scheme promoted by the so-called National Brokerage Exchange. Federal agents are searching for officers of the "exchange" who are wanted for using the mails to defraud. (It seems that many Hamlin ladies, too, joined in the scheme).

Nov. 30, 1917: Professor Ira A. Clements who has been teaching at Boyd's Chapel has resigned his position to become a rural mail carrier on the new motor route of Hamlin.

1918 War Cry: Waste is Criminal. In hurriedly turning through the files, we saw these names of soldier boys: John Ed Day, Loy Fry, M. T. Hudson, Earl Isbill, John Vaughan, Ross Fomby, Grogan Turner, O. H. Berry, Bob Low, Lieut. Joe Culbertson, Marvin Culbertson, Tom Jones and many more.

April 21, 1918: John Vaughan wrote from England: "This country is not so much different from U. S., only the houses are old and most of them are built of brick. I wish you could see the railroads here; the cars would sure make you laugh. They are like the first ones that America used, little cars that carry only 6 and 8 tons, and with only four wheels under them. I haven't seen an automobile since I got here, except those used by the army. I think gas is hard to get, is the reason there are not many here. But the roads surely are good, lots better than in U. S. Most everybody rides bicycles over here. A bicycle is thought more of than a car. P. S. Tell everybody hello for me and that I'm coming back."

BACK TO EDITORIALIZING

Well Folks, another week is upon us, and we want to tell you that things seem mighty quiet after the rush of last week. The click-clack of the linotype machine and the bang-bang of the old Scott two-revolution press rolling off 33,000 impressions, the checking here and re-checking there, the folding, inserting and bundling and a hundred other things are not "noisy" up the nooks and corners of our office this week. It is hard to get back in the normal channels. It is hard to get our bearings as to which way we are going . . . whether we are beginning a new week or just closing an old week. We are still mailing out big rolls of papers and that makes every day seem like Friday.

The Editor should speak on many things every week, but there must be a proper "setting" for editorializing, and that reminds us that last Sunday was the first Sunday in months and months that we failed to hear Governor W. Lee O'Daniel broadcast from "the beautiful governor's mansion" in Austin. Wonder why they can not say "The beautiful mansion of the governor" in Austin.

The atmosphere is not exactly right this week to start off on a new "Twenty-five year" period of time by editorializing on politics, however there is plenty to be said along that line. It is a good idea for citizens to stand afar off and look across the valleys of time and "see what you see." Maybe it might be a mirage across the valley and misleading. But we shall try to brush away the mist of conflicting conditions and circumstances and see clearly during the next twenty-five years.

WELDON CARLTON RETURNS

FROM VENEZUELA, S. A.

About one A. M. Tuesday morning, Weldon Carlton, son of Mr. and Mrs. A. H. Carlton, arrived from Maracaibo, Venezuela, South America, where he had been for the past 19 months. He was employed by the Petty Geophysical Co. Weldon came by airplane to San Antonio, making stops at Colon, and in every country over which they passed . . . a nice return and a lot of new territory seen. Weldon has a 15 day vacation and will rejoin the company in San Antonio.

Kurt Schoemann, manager of Strauss Dry Goods Co., returned Wednesday from Dallas where he purchased new merchandise for the Strauss store. Mrs. H. O. Cassle accompanied him to Dallas and visited from Sunday until Wednesday with her daughter, Mrs. Duffield Smith and family. Mrs. Smith and sons, Duffield Jr. and Wade, returned home with her for a two weeks visit.

GOOD BUILDING GOING UP AT HAMLIN COTTON OIL MILL

The Hamlin Cotton Oil Mill is a busy place these days. A force of hands are pushing a substantial brick addition to the plant. This department of the mill is taking the place of the warehouses that were burned last winter.

The new structure is 50 by 76 feet and will be used for storage of cake and meal and a mixing room.

Since the rains have come the Hamlin Cotton Oil Mill presents an attractive place. It has some of the most beautiful grounds in Hamlin, two plats of beautiful grass and roses and other flowers. The shrubbery, and well kept grounds about, show that a plant of this nature can be made neat and attractive.

This week the entire oil mill plant is being inspected and a general appraisal of all parts of machinery is being taken. Manager Moody has the assistance of Mr. Davis, of Sweetwater.

Q. MARTIN'S RESIDENCE GETS ROCK VENEER

Within a few weeks the residence of Mr. and Mrs. Q. Martin will present a new appearance when the work now underway is finished. The residence is getting a veneer of red rock placed into the walls in rustic fashion. This home is on Central Avenue and will add much to the appearance of that section of town.

This week the college boys and girls are coming in for the summer . . . some for good, having finished. It is possible the Herald will not get all their names but if we do or do not, hope they will drop in and say "howdy." We list from Denton, Misses Mary Lou and Dorothy Bailey, Mary Emily Eakin, Miss Mary Beth Moody, from S. M. U., Dallas, who has just completed her junior year.

CARD OF THANKS

We want to thank our friends and neighbors of Tuxedo community for their many acts of kindness shown our loved one during his long illness.

We thank everyone for their various expressions of sympathy at the hour of death, and for everything we are truly grateful.

MRS. I. L. BOSTICK and Children.

Mrs. Arlie Cassle is spending the week in Waco visiting her parents, Mr. and Mrs. Albritton.

ONE ERROR

In the several personal write-ups last week we have been told just ONE error.

We had our friend J. B. (Bud) Terrell as belonging to the Church of Christ when it should have been Chamber of Commerce. Evidently that came about because of both organizations having letters C. of C. As long as an error is no worse than that, it can't harm.

HAMLIN END OF SWEETWATER ROAD

Last Saturday, May 27, the State Highway Department accepted the new highway grade and drainage work that leads out of Hamlin to Sweetwater, a distance of a little over two miles to the Fisher County line.

Contractor Prater of Memphis did a splendid piece of work on that part of the road and here is hoping that the Highway Commission will let the contract for another unit of the Hamlin-Sweetwater road within a few weeks.

This new addition to Hamlin's outlets is ideal. The road branches off from No. 83, right in town, on a straight line to parallel the Santa Fe railroad into McCaulley.

It is the dream of all Hamlin people, concerned about this road, that it will continue on down the railroad through McCaulley and pass under the Anson-Roby highway and continue through Sylvester to Longworth and on down the railroad to the Sweetwater-Roby highway No. 70. This is a needed outlet for all this section of the country, including the communities north on the Santa Fe to Crowell, Quanah and Chillicothe.

In building this road out of Hamlin a modern concrete bridge was constructed over the California Creek. It is full 34 feet wide to harmonize with the width of the road bed. This was a much needed bridge into Hamlin from that direction. It will enable the city to discontinue perhaps, the old wooden, dangerous bridge that spans the stream in South Hamlin.

Information about the Hamlin-Robtan highway is that they lack some funds in the completion of the grade and drainage unit. This will likely be provided by the Department and the completion will likely be made this summer. It is also observed that the Jones County end of this road (within Hamlin) is not touched yet. This is necessary before the entire first unit of the road is complete. Building roads or anything with relief labor is slow, but better slow and never.

Mrs. M. Y. Wilson had as her guests during the past week her sisters, Mrs. W. B. Hughey, of San Diego, California and Mrs. G. W. Walshe, of Hartshorne, Oklahoma; her brothers, J. E. Patterson, of Wewoka, Oklahoma, and W. F. Patterson, wife and little daughter, Mary Kathryn, of Hobbs, New Mexico; and her son, Jack Wilson and wife, of Hollis, Oklahoma.

Roscoe Greenway and family and sisters, Miss Lennie Greenway and Mrs. Sallie Goedeke, went to Canyon Saturday afternoon to visit Miss Carolyne, a Junior in the college, who had an appendix operation three weeks ago, who is slowly improving. Mrs. Greenway is still there with her daughter.

Stamford's Cowboy Reunion Wants Cowgirl Sponsors From Towns

STAMFORD, June 1.—Towns and cities throughout West Texas are being invited to send cowgirl sponsors to represent them at the tenth annual Texas Cowboy Reunion which will be held in Stamford July 3, 4 and 5. Mrs. W. J. Bryant of this city has been appointed by the Reunion directors as official hostess to the sponsors.

While only a few formal appointments of sponsors have been registered thus far, H. G. Andrews, chairman of the sponsors' committee, is informed that some fifteen selections already have been made by various towns and counties.

Appointments are made by chambers of commerce, or in towns having no chamber of commerce, by the mayor, or lacking a mayor, by the postmaster. County judges may name sponsors representing counties. Appointments will not be accepted later than July 1.

Biggest event on the program for the sponsors is the contest for the handsome saddle and three other prizes offered by the Reunion. Preliminary judging this year will be held in an area adjoining the Reunion grounds, only the finals being

TRUMAN RALEY TO RECEIVE B. OF A. DEGREE

At Oklahoma Baptist University, Raley was a member of the Baptist Student Union, College Players, Emethean social club, football squad, and Ministerial Alliance. He was treasurer of the B. S. U.

STOPPING THE WATER RUN-OFF

STAMFORD, May 27.—In connection with the observance of "Texas Soil Conservation Service Week" proclaimed by Governor W. Lee O'Daniel for the week beginning May 28, J. M. Bird, conservationist of the Soil Conservation Service water facilities project at Stamford, Texas, announces that 106 farmers have applied for participation in the water facilities and soil and water conservation program in the California Creek watershed.

These farmers own or operate approximately 15,000 acres on which they seek to establish complete and coordinated conservation and farm management systems in connection with the establishment and development of water facilities.

Under the authority granted in the Pope-Jones Water Facilities act, farmers and ranchers in this area will receive Federal assistance in installing facilities to build up supplies of water for range and cropland improvement for livestock use.

Types of work contemplated under the water facilities program include the construction, installation and development of ponds, spreaders, reservoirs, wells, dams, springs, pumping works, windmills, stock water tanks, flood irrigation and small irrigation systems for single farms or groups of farms.

The water facilities program for Texas farmers is a cooperative enterprise being carried on jointly by the Bureau of Agricultural Economics, the Farm Security Administration and the Soil Conservation Service.

Miss Mary Boyd, a teacher in the Fort Stockton public schools, is here to spend her vacation with her parents, Mr. and Mrs. W. L. Boyd.

held in the rodeo arena. Decision will be based on the personality, riding, togs, equipment and horsemanship of the girl and the conformation, appearance, equipment and performance of her horse. Miss Helen Rosenwasser, who has been chosen as Stamford's sponsor, will not compete for the prizes. Winners of first prize in former years also are barred from competition.

A series of three dances at the sponsor's pavilion will head the list of social events arranged in honor of the sponsors. One of these, known as the sponsors' ball, is limited to the sponsors, their escorts and invited guests.

The pavilion at which the dances are held, on the second floor of the exhibit hall, is being improved and the building strengthened. Walls of the pavilion are being ceiled with grooved ceiling and the understructures are being braced with heavy timbers.

The sponsors will form a colorful section in the grand parade, which will be held on the opening day. They will be guests at a chuck wagon dinner on one day of the Reunion.

June 6 at dusk is the zero hour for rats in Jones County, when thousands of tempting red squill baits will be put out. The next morning we hope to have the most rat-free county in the country. The tremendous loss caused by the ravages of this pest will then be stopped.

Homes will be freed of these disease-carrying animals and farms will be more profitable.

It seems that every one is cooperating, recognizing the fact that these rats are a community problem and they must be made war on by every one alike.

The bait will be distributed in the communities listed below. It is requested that every one who has received bait call for it at his earliest convenience during the afternoon of June 6 from 2 to 6 P. M. The baits should be exposed before dusk that afternoon so they will be fresh and that rats may be banqueted that night wherever they may be. Baits not called for by 6:30 o'clock, the expiring time, will be distributed to anyone who may wish them.

In addition to using the poisoned bait, every one in the county is urged to use every other possible means of getting rid of rats, such as trapping, holding neighborhood rat hunts and tearing up rat harbors.

Congratulatory . . .

Anson, Texas, May 28.

Dear Mr. Pope:
I want to congratulate you on your Twenty-fifth Anniversary of your paper, The Hamlin Herald. I have enjoyed looking over the old-timers. Of course many new faces I do not know but you and Mrs. Pope look very familiar to me and several others.

The old Baptist Church especially looks familiar—Thanks for you remembering to send me a copy. Hope you can carry on another 25 years.

Respectfully,
MRS. J. H. EDWARDS.

Thank you Mrs. Edwards for your expression of congratulations. You and your departed husband, a Jones Co. pioneer and our former pastor of the Hamlin Baptist Church, continue to live in the hearts of all peoples who knew you.

Mr. and Mrs. Pope.

A smartly-groomed and colorful special edition marked the 25th anniversary of Bowen Pope's ownership of the Hamlin Herald. Brother Pope and his co-workers must have put in a lot of elbow grease and gray matter on that one. It contained forty-four pages and depicted the growth and development of Hamlin and the Hamlin territory. Abilene Reporter-News.

Dear Mr. Pope:

I have just received the anniversary issue of the Hamlin Herald, and I am sure you are responsible for my being remembered with this issue.

Dear Mr. and Mrs. Pope:

Congratulations on your excellent 25th anniversary edition of the Hamlin Herald. You must have put in many long hours of painstaking work on it but not one minute of that work was wasted, it is far superior to special editions of many large daily papers.

Today we received a special edition of a local paper, much on the same order of yours. With the wealth of material and about eight weeks of special work it does not come up to the Hamlin Herald.

I have enjoyed it immensely and will keep it as a valuable souvenir of Hamlin. Put me down for a copy of the 50th Anniversary edition. Congratulations again,

Sincerely your friend,

Dear Mr. and Mrs. Pope:

Seems that I read somewhere in your 25th Anniversary Edition that this was the first such edition you had published. Pardon my conflict-

ing opinion, but I do not believe this, no first anniversary edition could be so concise and complete.

Having spent the better years of my life in a printing office, I really can appreciate your long hours of toil and painstaking efforts in giving to this County such a valuable historic edition and may I extend to you both, congratulations and best wishes for many more successful years in the future.

Thanks for that special of the Herald. It was the real stuff.

We passed it to Ela and Rözelle; they both enjoyed it and told me to be sure and thank you.

The writer has many pleasant memories of Hamlin.

Never lived in a place that I enjoyed so much as there. Lots of good folks—my kind.

Hamlin Herald,
Attention of Mr. Bowen Pope,
My Dear Mr. Pope:

When I received your wonderful edition Anniversary number, I really felt proud of what you and so many of our mutual friends had accomplished in the past 25 years.

It also brought back pleasant memories which I would not want to miss, memories of friends, that still remain friends, in spite of the fact that I am no longer a citizen of your (or if you don't mind I still want to say our) fair city.

If you have three more copies of this Anniversary edition, please mail them to me and I will pay for same when I get to Hamlin some time next week, in the meantime, please accept our heartiest congratulations for the continued success and prosperity of your fine paper.

With many good wishes in which my family joins me, believe me to be,

I have a copy of the Anniversary Edition of the Hamlin Herald for Friday, May 26th.

Dear Tate:

I do not know whether you, Mr. Ezell, or Mr. Russell are responsible for my receiving a copy of the Hamlin Herald on the occasion of its Twenty-Fifth Anniversary, but anyway I appreciate the thoughtfulness.

I have looked over it with a great deal of interest and in addition to the familiar faces connected with the F. & M., I see some others such as Mr. John T. Day and his son, whom I have known for a number of years. I think the bank page is done in an outstanding way. As far as growth and development are concerned, your bank has certainly kept pace with the rest of your community within these last twenty-five years. We here at the bank know something of the number of

years that you have had to go through during that period of time as well as other disturbing conditions in banking and business, which have made it anything but an easy road.

You fellows deserve a lot of credit, and we are proud of the fact that you are up along the top of our list of what we consider a better class of correspondents. It is a pleasure to serve you in any way that we can.

With personal regards and congratulations to you, Mr. Ezell, and Mr. Russell, I am

SOCIETY

RUTH KNOX BECOMES

OF MR. DENMAN MORGAN

marriage of Miss Ruth Knox. Mr. Denman Morgan took place Saturday afternoon at 3 o'clock, at the home of the first pastor, Rev. Young. Those in attendance were Mrs. U. J. Dowling, the bride, and her husband, Dr. U. J. Dowling of Hamlin, Mr. Marshall Morgan, a cousin of the groom, of Sweetwater. The bride was dressed in a modish white with blue chiffon blouse, and matching accessories. She wore a corsage of Talisman Roses.

Immediately following the ceremony, the couple left on a moon trip to Monterrey, Mexico. Upon their return to Texas they will make their home in San Antonio where Mr. Morgan has recently been assigned business quarters.

Miss Morgan is a daughter of Mr. and Mrs. L. L. Dean of Lincoln, Nebraska. She had lived in Houston with her parents. U. J. Dowling previous to coming to Hamlin last September. Dr. Dowling and family have come here to live. The short time they have lived in Hamlin, her charm and personality has won for her a host of admiring friends. She is a graduate of a Lincoln Nebraska School and attended the University of Nebraska before coming to Texas.

Mr. Morgan is a son of Mr. and Mrs. Morgan of Hamlin, a business man who grew to manhood in this city. He is a graduate of the Hamlin High School, and attended A. & M. College for two years. He began his business career in Hamlin as manager of a local insurance agency. About two years ago he accepted a position as manager for the Cravens & Co. Insurance, and was promoted as manager of the Texas District with headquarters in Fort Worth. Recently he was named Special Agent of the T. C. Manning & Sons Insurance Company of Dallas, with headquarters in Antonio.

ROACHING MARRIAGE

OUNCED AT TEA

Miss Eunice Thompson entertained her home on Jackson Avenue Saturday with a lovely tea announcing the approaching marriage of her sister, Miss Ruby Thompson to Austin Poe. The wedding will take place June 20.

For the occasion a color theme of pink and green was emphasized in decorations. The tea table was with a beautiful lace cloth over and centered with an arrangement of pink carnations and ferns. Pink and green tapers burning in holders. Near the centerpiece stood a tiny bride with a white veil, and two bridesmaids wearing frocks of pink and green. Other decorations included baskets and vases of pink flowers placed throughout the party.

During the afternoon hours Mrs. Russell greeted guests at the and receiving were the hosts of the honoree, Miss Thompson, Charlie Tupper, of El Paso, A. L. Thompson, of Anson, Mrs. Young, of Hobbs, New Mexico, Mrs. Warren Colvin, of Denison, Mrs. Delma Shelburne director of the dining room where Mrs. I. Littleton and Mrs. John Ed. poured punch. Assisting in serving were Mrs. Oscar Pace, of Abilene, Mrs. Dave Walker, of Stamford, Miss Viva Milstead and Louise Williams. Tiny scrolls announcing the date of the wedding were presented by little Miss Ruby Lee Thompson, of Anson.

Guests were asked to register in a dainty handmade bride's book.

Terraces Alone Do More Good on Farm and Ranch Than \$28,000,000 Marshall Ford Dam

WITHOUT expenditure of tax money and through the voluntary work of farmers, ranchmen, and county agents, over 50,000 linear miles of terraces—twice the distance around the world—were built in this West Texas region last year. They alone impounded 554,000 acre-feet of water, the same amount as that held by Marshall Ford Dam which will cost the taxpayers \$28,000,000.

Terraces, along with a balanced program of contouring, strip-cropping, and earthen dams, stored moisture in the soil for crops, at the same time aiding flood control. Altogether they impounded over 1,000,000 acre-feet of water... all without tax expense.

Inasmuch as Marshall Ford and similar dams earned the reputation for being a "flood menace" during the same period, a lesson thereby is offered that the only effective curb on devastating floods must begin at the point where the rains fall.

Believing that industrial and agricultural development go hand-in-hand, this company has lent its efforts to promotion of soil and water conservation and the successful culmination of the 1938 soil and water utilization contest. Anything that benefits agriculture in the communities we serve also is beneficial to every other type of business and industry. It is our hope that the land may be passed on to the next generation in actually better condition than it is in this.
